SUMMARY

Enthusiastic and detail-oriented Frontend Developer with hands-on experience at SpringPeople Software Pvt. Ltd., where I contributed to building and maintaining a fully functional web platform. Proficient in HTML, CSS, JavaScript, and responsive web design, with working knowledge of frontend frameworks like React. Skilled in version control using Git, and experienced in collaborating with backend teams for seamless API integration. Strong foundation in programming concepts including OOP and data structures, with practical experience in JavaScript and Python. Passionate about debugging, problem-solving, teamwork, and delivering clean, scalable, user-focused solutions.

TECHNICAL SKILLS

- Programming Languages: Java, Python, JavaScript
- Web Development: HTML, CSS, JavaScript
- Frameworks and Tools: WordPress, Botpress, Linux, Git
- Data Structures and Algorithms, SQL
- Performance Optimization and Security Best Practices
- Strong Problem-Solving and Debugging Skills
- Excellent Communication and Teamwork Abilities

PROFESSIONAL EXPERIENCE

Springpeople Software Private Limited Jan 2025 - Present

Web Developer

- Designed and developed a fully functional website, showcasing expertise in web development.
- Implemented front-end and back-end features using modern web technologies, ensuring a seamless user experience.
- Focused on performance optimization and security best practices to enhance the site's overall efficiency.
- Integrated database management and dynamic content handling, resulting in a robust and scalable solution.
- Successfully deployed and maintained the website, ensuring high availability and reliability.

PROJECTS

Chatbot Development

- Developed an interactive chatbot using HTML, CSS, JavaScript, and Botpress.
- Designed a user-friendly and responsive interface.
- Integrated the chatbot seamlessly into the existing web platform.

K-means Clustering

- Implemented K-means clustering for data segmentation and pattern recognition.
- Selected and optimized K values to ensure accurate clustering results.
- Utilized Python libraries for efficient data processing and visualization.
- Applied clustering techniques to extract meaningful insights from complex data sets.

EDUCATION

Master Of Computer Application 2023 - 25

- GEC Autonomous College, Bhubaneswar

Bachelor of Science 2019 - 22

- F.M University, Balasore

CERTIFICATIONS

- DPBH-IIT-BHU Hackathon Certificate
- 2nd Prize in App Development at GEC college
- Trident College Hackathon Certificate
